About Us

Kunfre Hardware (Pvt) Ltd, trading as **Kunfre Enterprise**, is a registered Zimbabwean company and trusted supplier of industrial-grade sealing, fastening, electrical, instrumentation, and security products. Over 5+ years we have built a reputation as a dependable partner to mining, oil & gas, construction, agriculture, water utilities, power generation, and manufacturing sectors across Zimbabwe.

On-Site Technical Support

Our engineers visit client sites for plant inspections, product selection, borehole surveys, instrumentation commissioning, and security system installations across Zimbabwe.

Legal name: Kunfre Hardware (Pvt) Ltd
Location: 32065 Mabvazuva, Ruwa, Harare, Zimbabwe

Trading as: Kunfre Enterprise
Registration: Registered Zimbabwean company

Mission & Vision

Our Mission

To supply precision-grade industrial products and expert field services that keep Zimbabwe's critical infrastructure, agriculture, mining, and manufacturing sectors running reliably.

Our Vision

To be Zimbabwe's most trusted industrial supplier — recognised for quality, technical expertise, and dependable delivery across sealing, fastening, flow control, water solutions, instrumentation, and security.

Core Values

Quality & Traceability	Technical Expertise	Pan African and Asia Reach
Reliability & Integrity	Client-Focused Solutions	Industry Excellence

Sectors We Serve

Mining & Quarrying	Construction & Infrastructure	Agriculture & Irrigation
Power Generation	Water Utilities & Boreholes	General Manufacturing

Product Range

600+ product lines across 8 core industrial categories — sealing, fastening, flow control, water solutions, instrumentation, and security.

Industrial Fasteners

Gaskets & Bearings

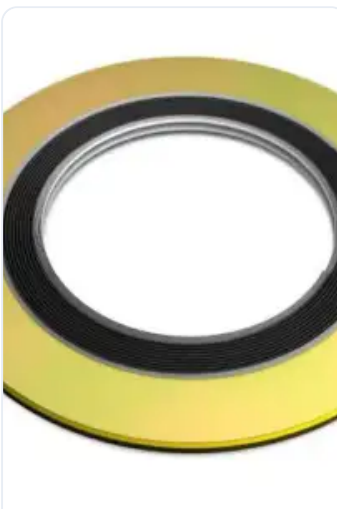

Industrial Valves

Seals & Hoses

Webbing Tapes

Engineered Gaskets

Stainless Fasteners

Gate Valves

Mining Hose

PTFE Seal Tape

Borehole Services

Solar Installation

Trusted Brands We Supply

Field Services & Installations

End-to-end field services across Zimbabwe — from borehole drilling to solar installation and security system deployment.

Borehole & Pump Services

Survey, drilling, pump supply, rising mains, and rehabilitation.

Solar Installation

Electrical and solar systems for farms, mines, and industrial sites.

Security & CCTV

CCTV, gate motors, intercoms, and access automation.

Pump Supply

Submersible pumps, suction & delivery hose, and maintenance.

8 Core Capabilities

01 Webbing Tapes

High-strength woven & synthetic tapes for load securing and lifting.

02 Seals & Hoses

Sealing, belting, hose & mechanical spares for plant maintenance.

03 Fasteners

High-integrity bolting & fixing solutions with full traceability.

04 Gaskets & Bearings

Engineered gaskets and bearings for piping and pressure systems.

05 Industrial Valves

Flow control for process, utility & infrastructure systems.

06 Borehole Services

Complete water solutions for agriculture, industry & communities.

07 Instrumentation & Solar

Process instrumentation, drives & solar for process control.

08 Security & CCTV

CCTV, access automation & security systems for all site types.

Key Services

Industrial Fasteners & Bolting

Hex bolts, stainless fasteners, stud bolts, and anchor systems with mill certification.

Seals, Hoses & Spares

PTFE tape, hydraulic and mining hose, bearings, packings, and rubber sheeting.

Borehole & Water Solutions

Survey, drilling, pump supply, rising mains, and rehabilitation across Zimbabwe.

Instrumentation & Solar

VSD drives, process sensors, solar installation, and panel meters.

Security & Automation

CCTV systems, gate motors, intercoms, and access automation.

Valves, Gaskets & Bearings

Gate, ball, butterfly, and check valves plus spiral-wound gaskets.

Why Partner With Kunfre

- **ISO-aligned quality** — third-party inspection and certified material test reports on request.
- **Technical expertise** — engineers guide clients to the right solution for demanding environments.
- **Pan African and Asia reach** — supply and field services across the region.
- **Comprehensive catalogue** — 600+ product lines across 8 industrial categories.
- **End-to-end services** — from product supply to borehole installation and security deployment.
- **Industry experience** — 5+ years serving mining, construction, agriculture, and manufacturing.

Company Summary

Company Type Registered Zimbabwean industrial supplier and field services provider — trading as Kunfre Enterprise.	Geographic Coverage Pan African and Asia supply and on-site services across the region.
Key Sectors Mining, construction, agriculture, power generation, water utilities, and manufacturing.	Experience 5+ years of operation with 600+ product lines and ISO-aligned quality standards.
